

## Great Ocean Road Coast Committee Inc

23/4/2017

### **Statement from the Great Ocean Road Coast Committee**

We are disappointed to receive customer complaints regarding Cumberland River and are actively following it up with park management. Customer service in Crown land parks is paramount and we take these matters very seriously. We will be progressing the issue with the lessee as far as we can within the terms of the lease. Updates will be provided through our website - [www.gorcc.com.au](http://www.gorcc.com.au).
